Date home: _____

BEFORE THEY ARRIVE

- ☐ Set up the cage in a draft-free spot, away from the kitchen
- ☐ Add perches of varying width and a few safe toys
- ☐ Remove any non-stick cookware from the kitchen — fumes are dangerous to birds
- ☐ Buy a few days of their current diet to avoid a sudden switch

DAY 1

- ☐ Let them settle into the cage without handling for the first day
- ☐ Keep the room calm and avoid loud noise or sudden movement
- ☐ Offer fresh food and water and note what they actually eat

DAYS 2–3

- ☐ Start talking softly near the cage to build familiarity
- ☐ Begin a consistent feeding and lights-out schedule
- ☐ Watch droppings, appetite, and activity level daily

DAYS 4–7

- ☐ Begin short, calm hand-taming sessions if they're ready
- ☐ Offer supervised out-of-cage time in a bird-proofed room
- ☐ Book their first vet visit with an avian-experienced vet if possible
